Dear Harold - Lil,

Thinking of you both often - Hope you both are as well as possible -
Please find enclosures of interest.
I've been extremely busy all year - Been working 7 days a week with my regular job at St. Johns plus my own paint jobs on the weekends.
Please let me know what you are up to if possible - Would like to know your thoughts on the Presidential election controversy. Seems to me our country is split 50-50% Democratic - Republican - It is hard to believe in this day and age with all the technology we have that the votes are still not completely tabulated in Fla. I do hope the will of the people prevails in this - I do feel that we really need Al Gore as President - But whom ever wins will have a tough tough time with a divided House - Senate - Congress + Public -
Please let me know your feelings on this
Have to go to work now - Take Care
Have a good thanksgiving - Best

Scott Wilson
